TRAVEL

Antara's ambitious aim is to become one of the most exclusive and private spa resorts in the world. To that end, it offers luxuries including the services of a private butler, two spa treatments per guest per day, personalised menus prepared by a private chef, personalised welcome baskets and complimentary minibars. Genuinely beneficial health programmes are a focus too, however. Guests will have naturopathic consultations, unlimited use of the spa and fitness facilities and unlimited access to classes, workshops and sporting activities.
