

# WINTER ESCAPES

*Luxe holidays for snow bunnies and sun lovers*

## EN PISTE

Many parents consider it a rite of passage, teaching their children how to ski. Family skiing specialist Ski Famille recommends starting at pre-school age and taking advantage of off-peak times when older children are in school and the slopes are quieter. Ski Famille has special pre-school offers throughout the winter, with family-friendly catered chalets in La Plagne, Les Menuires and more. Ski school, baby equipment, flexible airport transfers, and inclusive in-chalet childcare are all available.
